An Appeal to all Telephone Users

The "FLU" has caused a serious shortage in our operating force.

At the same time the volume of telephone calls has greatly increased, so that the burden on the girls still at work is very heavy.

Will you please keep these facts in mind, and use your telephone only when absolutely necessary.

You will thus be helping to keep the service equal to the urgent needs of the community in the present emergency.

FARM CONDITIONS

As Reported to Ontario
Agriculture Dept.

The following is a summary of the reports made by agricultural representatives to the Ontario Department of Agriculture:

"Fall wheat is still well protected by snow, and growers are so far optimistic regarding the prospects of the crop."

About the usual number of cattle are on hand. Farmers, however, are feeding carefully, and many of the animals are thinner than usual at this time of year, and some of the beef cattle are going to market rather un- finished."

Dairy cattle are in brisk demand over the province, and fresh milkers are selling at from \$150 to \$200. Farmers seem inclined to hold on to grain for their own use, and are feeding it sparingly in order to carry over stock into the spring. While some may have a small surplus on hand a few will have to buy; in fact, some are now purchasing grain for feeding. Ensilage, however, is nicely helping out the feeding situation."

Pressures are increasing the country for hay. Prices at the barn now range from \$20 to \$25 a ton, but on the market from \$25 to \$30 a ton. In Northern Ontario, however, prices are fully \$5 a ton higher. Straw keeps its value all over the province, selling at from \$10 to \$15 a ton.

Farm laborers are hard to secure in advance. Wages are likely to increase if applicants get what they are asking for."

ONE MAY SUCCEED LANSING.

THREE TORONTO BANDITS CAUGHT

One, Run Down, "Squeals" On His Pals.

Soldiers Aid in Their Capture.

Toronto, Feb. 20.—Following the arrest last night of Alexander Stewart, 47, 484 Parliament street, the police came in possession of information which led to the apprehension of the three alleged confederates. The three men are alleged to have taken part in several recent burglaries, and the police believe that they are the auto bandits who have been terrorizing the city streets of late. The other two arrested are Charles Phillips, 35 Winchester, and Neil Sutherland, 82 Rose avenue. All three are between the ages of 16 and 17.

George Fletcher Wright, a teller in the Bank of Montreal, Front and Yonge streets, residing at 2 Jean ave., was proceeding home last evening at 8 o'clock when he was accosted by two boys between Glen road and South drive, who flourished guns in his face and demanded that he tell out. He struck one of them over the head with a cane he was carrying and ran. Meeting a military ambulance from the St. Andrew's hospital he told the two occupants of the vehicle that he had been held up. They offered to help him and he jumped into the back of the ambulance and returned to his home where he had been held up. Arriving there he recognized the two culprits, and was accompanied by the driver of the ambulance, a constable, and a soldier. The bandits seeing that they were surrounded, fled in different directions, one going toward the Rose vale ravine and the other running toward Elm avenue. Phillips was captured after the latter, that the three men gave chase and they succeeded in capturing him in a trap set for a runaway horse. The second bandit eluded them.

Stewart informed the police where the other two boys could be found, and they were arrested shortly after 10 o'clock.

Stewart admitted being connected with the burglary at Bonanza jewelry store, 52 Lombard street, and also that at A. Brookstone's, 15 Toronto street, 400 Dupont street, Phillips was driving his car along Dupont street near Albany, when a man stepped out into the road and waved his arms for him to stop, but he continued on his way.

Another man stepped out in front of him and flourished a revolver, ordering him to stop. Phillips did not stop on steam instead and succeeded in knocking the man down with the rear fender as he passed.

HANGED HIMSELF

South Grimsby Man Deceased With Flu.

Smithville, Feb. 20.—On Wednesday evening the Educational Department put on, in Smithville, moving pictures for the high and public schools showing scenes in Munich, Germany, made by a chemist, science, and some comic views, to instruct and interest the pupils and parents.

A very bad death occurred at the residence of Mr. John T. Taylor, 101 Main street, Smithville, when William, then 15 years of age, died on Monday morning last. He had the flu, and while watching him from the window in his night clothing, ran to the building, fastened the door, and inside, when found late he had strangled himself with a cord used by his children as a swing. Deceased was about 22 years of age, and leaves a wife and three children, besides a father, mother and two sisters. His remains were interred in the Union cemetery on Wednesday.

Another of the old residents has passed over to the hereafter. He was the person of Mr. Lawson Miller, who departed this life on Monday last at his home here. Mr. Miller was in his 83rd year, and had been very feeble for some time, and his death was not unexpected. He was a consistent member of the Presbyterian Church here, a Liberal in politics, and will be greatly missed. His funeral took place on Thursday to the North Plains cemetery for interment. He leaves a wife but no children.

TEXT BOOK PRICE

TO BE MAINTAINED

Ontario Government to Compensate Publisher.

New Revisions Ready Next September.

Toronto, Feb. 20.—The Duffry Government has decided to adhere to the plan adopted by the former administration in maintaining school books at present price levels by compensating the publishers for the increase in the cost of publication. During the current school year, 1919-20, in accordance with arrangements made last summer, the Ontario reader, the Ontario public school grammar, and the Ontario public school arithmetic, while some of the text books have been revised, the Government will not increase the price of the books. The difference between the former price and the actual cost, resulting from the increase in the cost of publication, will be paid by the Government.

The Ontario Government, said Hon. Dr. Grant yesterday, "has decided that this arrangement is equitable and that it should be continued in respect to the books just named. It has also been decided that an equivalent arrangement is to be followed in the case of all new contracts now being arranged for next school year. This plan appears to be a fair and just middle course between a plan which would distribute free text books to the schools, and a plan which would oblige the pupils to pay the abnormal price due to post-war conditions."

In addition to the reader and arithmetic, the revised grammar manual, under the plan outlined. The Ontario public school composition and the Ontario public school history of England and Canada. It is expected that the revised grammar manual, the Ontario public school composition, and the Ontario public school history of England and Canada, will be ready for the schools next September.

The Ontario high school geography (revised), the Ontario high school geometry (revised), and the Ontario high school chemistry (revised), will also be ready for the schools next September.

ASK CONGRESS

Organized Rail Workers Strongly Against.

Say It Places Labor Under Capital.

Washington, Feb. 19.—Organized railroad workers and mine labor in general, contending that the proposed reorganization of the railroads is a direct attack on the rights of the workers, today called upon Congress to take action to prevent the reorganization.

The reorganization of the railroads, which is being pushed by the government, is being opposed by the workers, who say that it will place the workers under the control of the capital.

The workers say that the reorganization will give the capital the right to control the railroads, and that the workers will be treated as mere laborers, without any rights or privileges.

TEXT BOOK PRICE

TO BE MAINTAINED

Ontario Government to Compensate Publisher.

New Revisions Ready Next September.

Toronto, Feb. 20.—The Duffry Government has decided to adhere to the plan adopted by the former administration in maintaining school books at present price levels by compensating the publishers for the increase in the cost of publication. During the current school year, 1919-20, in accordance with arrangements made last summer, the Ontario reader, the Ontario public school grammar, and the Ontario public school arithmetic, while some of the text books have been revised, the Government will not increase the price of the books. The difference between the former price and the actual cost, resulting from the increase in the cost of publication, will be paid by the Government.

The Ontario Government, said Hon. Dr. Grant yesterday, "has decided that this arrangement is equitable and that it should be continued in respect to the books just named. It has also been decided that an equivalent arrangement is to be followed in the case of all new contracts now being arranged for next school year. This plan appears to be a fair and just middle course between a plan which would distribute free text books to the schools, and a plan which would oblige the pupils to pay the abnormal price due to post-war conditions."

In addition to the reader and arithmetic, the revised grammar manual, under the plan outlined. The Ontario public school composition and the Ontario public school history of England and Canada. It is expected that the revised grammar manual, the Ontario public school composition, and the Ontario public school history of England and Canada, will be ready for the schools next September.

The Ontario high school geography (revised), the Ontario high school geometry (revised), and the Ontario high school chemistry (revised), will also be ready for the schools next September.

ASK CONGRESS

Organized Rail Workers Strongly Against.

Say It Places Labor Under Capital.

Washington, Feb. 19.—Organized railroad workers and mine labor in general, contending that the proposed reorganization of the railroads is a direct attack on the rights of the workers, today called upon Congress to take action to prevent the reorganization.

The reorganization of the railroads, which is being pushed by the government, is being opposed by the workers, who say that it will place the workers under the control of the capital.

The workers say that the reorganization will give the capital the right to control the railroads, and that the workers will be treated as mere laborers, without any rights or privileges.

ANGELIANS NO TWO

AW \$30000

All Five Churches Are Now Over the Top

And Many Returns Are Still to Come.

Toronto, Feb. 20.—All five denominations of the Anglican Forward Movement financial drive are now over the top, the Presbyterians having added sufficient to their total yesterday to go well over the \$40,000 mark, but it will be some time yet before they will announce another official total. The reports received yesterday by the Anglican and Presbyterian churches were that the denominations to carry on their efforts until the end of the week, were most favorable. For the Anglicans the returns were so gratifying that they are no longer content with the \$25,000 objective which they have passed. During the day they have received \$10,000 more, and are now over \$35,000.

HOSPITALS TOO, FEEL PRESSURE OF HIGH PRICES

St. Joseph's Applies to City for Grant of Ten Thousand Dollars.

APPEAL FOR ORPHANS

G.W.V.A. Band Placed On Same Basis as Military Bands.

An interesting tug-of-war, with the City of Hamilton and the Hydro-Electric Department, is being waged for the word to "pull" on the first day of March. It was discussed yesterday afternoon at the Board of Control. The controversy arises over the increase in the proposed to be charged by the city to the Hydro from \$2.00 to \$4.00 per year.

"We've given them lots of notice," they say. "If they don't like to pay the rate, let them go." said Mayor Barr. However, the increase was approved by the Board of Control. The Hydro has been asked to pay the city five per cent on the investment.

Alfred Radian headed a deputation representing St. Mary's Orphanage, and asked the Board of Control to grant for the institution. The amount given by the city in the past has been ten cents per day per child. The cost has increased, said Alfred Radian, and the Board of Control has been asked to grant for the institution.

Mr. T. H. Pratt added to the deputation. He said that the city has been asked to pay the city five per cent on the investment. The amount given by the city in the past has been ten cents per day per child. The cost has increased, said Alfred Radian, and the Board of Control has been asked to grant for the institution.

Mr. Radian also introduced a deputation which included Rev. Father Kennedy, Mr. W. H. Lovell, Mr. J. J. Bell and Mr. McClelland, appearing in the interest of St. Joseph's Hospital.

Mr. Lovell asked a grant from the city of \$10,000. The financial struggle of the institution, and the need of work accomplished, about 120 beds are in commission at 25 nurses. The patients were in the hospital in the morning, and the pressure on the City Hospital. An appeal was made for the support of the hospital, which is doing a successful ward, which is doing a successful ward, which is doing a successful ward.

Father Kennedy added their appeal to the board. He said that the city has been asked to pay the city five per cent on the investment. The amount given by the city in the past has been ten cents per day per child. The cost has increased, said Alfred Radian, and the Board of Control has been asked to grant for the institution.

WYNDHAM'S PAL

By Harold Hindes.

Blondie is at his best in this romance of adventure, intrigue and achievement in the dark legends of the Carthage.

Violent characters and glowing action combine with strong elements of mystery and suspense to make a story that is alive through every page.
